

MC3 and Genesee Health System are partnering to offer patients personalized assistance with navigating local resources for behavioral health services.

What does a Behavioral Resource Specialist provide for patients?

- A brief questionnaire to identify resource needs
- Recommendations for behavioral health resources based on needs and insurance
- Personalized guidance on how to best navigate what can be a complicated process
- Follow-up phone call to ensure the recommended resources worked out and to address any barriers to receiving services

Who can receive services?

- Children, adolescents and young adults from birth to age 26
- People who are pregnant or postpartum (up to one year) of any age

Why?

- Navigating behavioral health resources can be complicated for families
- MC3 Behavioral Resource Specialists can help assist families directly to ensure they get connected to the help they need to address areas of concern

How much does it cost?

- There is no cost for this service
- MC3 is funded by the Michigan Department of Health and Human Services (MDHHS) and Flint Water Crisis funds

How do I refer?

- Primary Care Providers and OB/GYNs in Genesee County can refer patients by faxing or emailing a referral form and the Consent to Exchange Behavioral Health Information form.
- Share a copy of the patient handout describing the service with the family and let them know they can expect a call with the MC3 Behavioral Resource Specialist within the next few days.

If you are a primary care provider in Genesee County and need a referral form or want to sign-up for consultation, please contact the [Behavioral Resource Specialist](#) at (810) 241-6491 or (810) 257-3777.
