PURPOSE:

This one-hour training (45-minute didactic presentation followed by 15 minutes of Q+A) is designed to fit in during the lunch hour, where providers can listen and learn, followed by an opportunity to ask questions. Sessions are appropriate for both perinatal and pediatric mental health topics throughout the year.

LEARNING OUTCOME:

1. Identify common types of behavioral dysregulation in preschoolers.
2. Recognize behavioral surveillance and screening tools to assess behavioral dysregulation in early childhood.
3. Identify strategies to support emotion regulation and early relational health in primary care.

DISCLOSURES:

All presenters and planning committee members have completed a Financial Disclosures document that includes an explanation of Relevant Financial Relationships. Based on these forms, none of the planning committee members or presenters have relevant financial relations with ineligible companies to disclose.
